

Parent Testimonials

What parents have said about our school over the years

“Lovely small school environment, our daughter has been there for seven years and is excelling academically and in sport.”

“A great Christian school with values that provide a great foundation for the children.”
(Kagiso Taukobong)

“This is a school, a second home to our children where they go without us worrying about the events of the day. The Christian values are upheld and our children are learning to be assertive in Christ.”
(Mai Gabby)

“The foundation of our children is what shapes them tomorrow. I must say my Daniella is happiest when she shares and replays her school day to me. The eyes are lit up. Thanks again for creating a safe place for them to learn to be independent and free among their peers.”

Great school which upholds Christian values, amazing educators and admin staff offering quality education, respectful learners. Recommended.
